

Teen member headed for Lobster Bowl

Needs your help!

Dear Fitness Stylz Members —
Our son Kevin was chosen to represent Livermore Falls High School at the 19th Annual Shriners Lobster Bowl. The Lobster Bowl is a football game played by high school senior athletes chosen from all over Maine. Of course both my husband and I are proud. We thought this was a wonderful way to end a high school career.

It wasn't until we attended the infor-

mational meeting on April 6th at the Kora Shrine Temple in Lewiston that we realized what a gift had been bestowed on our son. We watched a video about a Shriner's patient and then had the privilege to meet this young man. It was then that we realized just how important this game really is.

The Lobster Bowl is a fundraiser for the Shriners Children's Hospital. They provide free medical care to children, ages 18 years and younger, for burns, cleft lip or palate and bone and muscle diseases. Of course, nothing is free and the Shriners rely on donations to provide the best care possible to children

Beach Party launch was a huge success!

Hawaiian shirts, clam-diggers, swimsuits, and smiles were common sights at the Beach Party launch on April 12th. The new releases for BODYPUMP, BODYSTEP, BODYCOMBAT and BODYFLOW were well-received by Fitness Stylz members, and anyone who left hungry must have by-passed the huge buffet on purpose.

Fitness Stylz staff and instructors wish to thank everyone who attended. As always, members delivered their support in buckets... or, in this case, sand buckets! Launch pictures will be on display soon in the lobby and on the Fitness Stylz website, and members will continue to have the opportunity to experience the new releases over the next few weeks.
