

# HAUNTED HAYRIDE

I have made many friends and acquaintances that I may have never been able to make without being a part of this club.

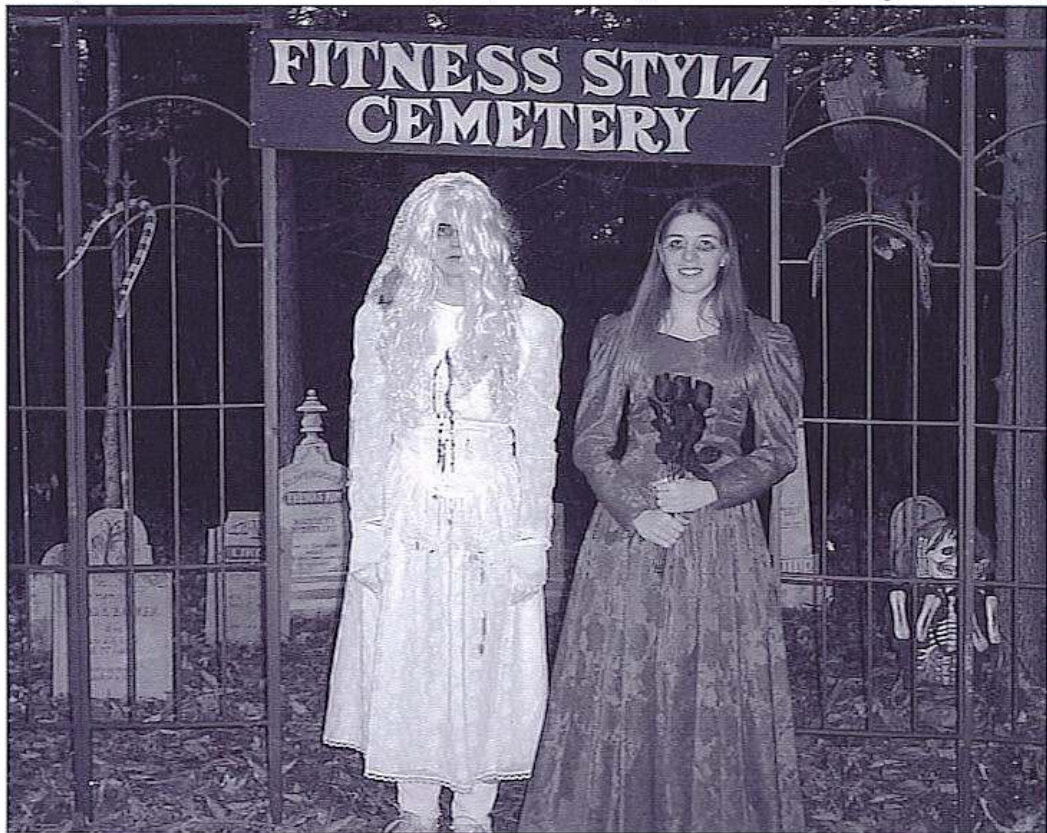

I started at Fitness Stylz as an intern from the University of Maine at Farmington and I am leaving with a new-found family. I absolutely love every bit of the club and it's members. Fitness Stylz is rare in comparison to other fitness facilities because we all seem to know each other. It's not just a place to workout but it's also a place to come see your friends.

I want to say a special thank you to Tom for giving me this opportunity. I feel as though I have grown and really found my niche in life. We made a great team and not only did I have the best boss in the world but I made a friend for life. I have enjoyed every day of my adventure. Thank you to you and Lisa. (I'll only be a phone call away when you can't find your coffee cup!)

I also want to thank all of my instructors for all the hard work that they put into these programs. Each and every one of them put more effort into these programs than any other instructors I have ever met! You are all 'WORLD CLASS' in my eyes! Keep up the great work. Thank you for helping me grow as a manager and as a person. Your support meant so much. Thank you.

Most of all, I would like to thank the members for being the best ever! Fitness Stylz would never be the way it is without each of you. You all make this one of the happiest and funniest places to be. I have really enjoyed getting to know all of you and seeing you on a day-to-day base. I always tell people, when they have asked about my job here, that I couldn't have asked for a more positive place to work at. Where else can you go to work everyday and see people who want to be there? My favorite part of my job was working at the front desk before class time. I can't complain about getting paid to get to know wonderful people. Thank you!

Although it sounds as though I won't be around a whole lot, that is not the case. You can't get rid of me that easy! I will still be teaching my regularly scheduled classes and I am

**SPOOKY SIGHTS & SOUNDS--** October featured frightening scenes when Fitness Stylz joined forces with Pike's Corner Oasis for a Haunted Hayride. ABOVE: Andrea Richards and Laura Dacyczyn tended the Fitness Stylz graveyard. LEFT: Herb Robinson had a shocking experience in an electric chair. Many other ghastly sights entertained those on the hayrides, who may still be recovering from the horror of it all.

also participating in the BODYPUMP training during the first weekend of November. I'll miss this place too much to stay away too long.

Thank you all and I will be seeing you soon.

Yours in health and fitness,  
-Andrea Richards
